

SOMNODENT FUSION™

With the SomnoDent Fusion™, our goal was to create a device with greater flexibility than most devices on the market and dentists like you are taking notice and switching to Fusion.

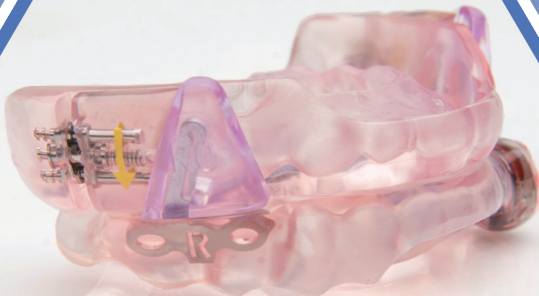

“This appliance is so advanced (compared to) any other oral appliance on the market. It really shows that the company understands what dentist need in an appliance for the successful treatment of patients with obstructive sleep apnea.”

- Erika C. Mason, DDS, ABDSM, ACSDD

In partnership with Dental Product Shopper, we had Fusion™ independently reviewed by 30 of the top sleep dentists and it received a 4.7 out of 5.0 - one of the highest ratings in Dental Product Shopper history. (November 2015)

WHY CHOOSE FUSION™?

- ◆ Proven results and patient comfort with our patented soft liner
- ◆ Ideal for short crowns
- ◆ Great retention for the entire life of the product
- ◆ Easy adjustment up to 8.5MM and no need for interchanging appliances

GIVE US A CALL TO TRY YOUR NEXT CASE WITH A FUSION™.
